Draft two-year aim:

Draft two-year aim:

To improve public confidence in the management of aviation noise, by building our expertise, credibility and profile across the UK

Strategic objective 1

*Increase trust,
transparency and clarity in
the aviation noise debate*

Strategic objective 1

*Increase trust,
transparency and clarity in
the aviation noise debate*

How will we do this?

Guidance on consultation

Metrics – consistency; clarity

Scope new SONA research

Link with health

Strategic objective 2

*Promote consistency,
responsibility and
accountability within the
industry*

Strategic objective 2

*Promote consistency,
responsibility and
accountability within the
industry*

How will we do this?

Best practice guidance on, eg:

- Noise impacts
- Measurement
- Monitoring

Consider enforcement powers

Strategic objective 3

*Establish our expertise,
authority and credibility*

Strategic objective 3

*Establish our expertise,
authority and credibility*

How will we do this?

Expert advice to:

- SoS on airspace change proposals
- Planning inspectorate
- CAA on information powers

Towards publication

Towards publication

Draft timeline

Towards publication
